STEP 2

FoundationNavigate will coordinate the blood draw with the patient and Bayshore Clinic. The patient will be scheduled for an appointment by Bayshore, and FoundationNavigate will send a confirmation to both the patient and physician.

STEP 3

Patient arrives at the Bayshore Clinic on the scheduled day where the blood sample is taken. The sample is shipped to the Foundation Medicine lab along with the signed Foundation Medicine Test Requisition Form. A copy of the appointment documentation and tracking information will be provided to the prescriber's clinic.
